

Step-by-step instructions for paying insurance premiums through the Revolut app

Revolut

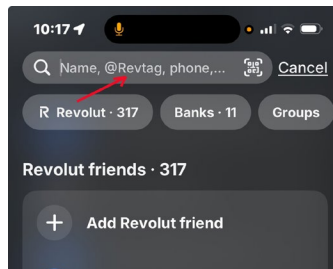

Step 1:

From the app's home screen, select **Payments**.

Step 2:

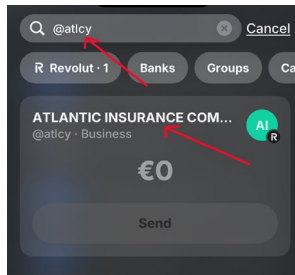

At the top of the screen, search for Atlantic's account by entering the **@Revtag**

Step 3:

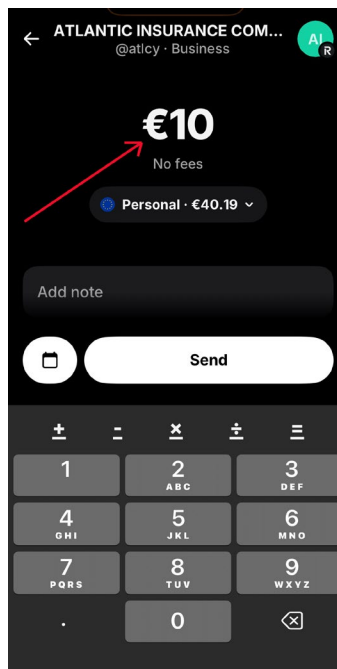

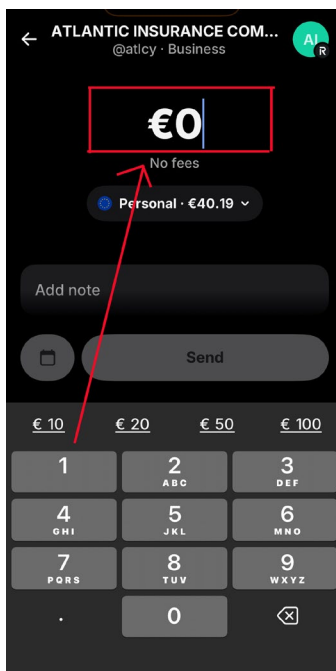

Type **@atlcy**

Atlantic's account will then appear; tap on it.

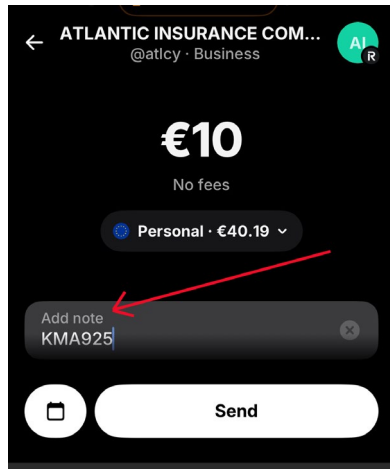

Step 4:

Enter the transfer amount

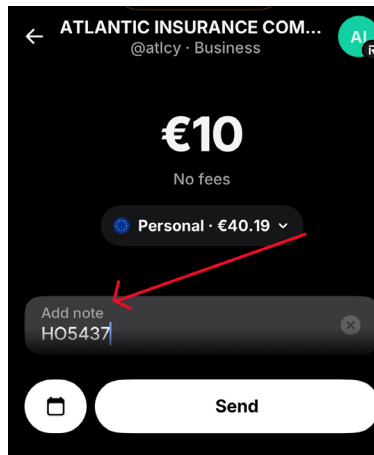

Step 5:

In the **Notes** section, add either the vehicle registration number or the insurance policy number.

Step 6:

Tap the **“Send”** button to complete the money transfer.

Future payments:

For future payments you wish to make again to Atlantic via the Revolut app, it is not necessary to remember the @atlcly. On the Payments screen, the app has saved your most recent payment. By tapping on it, you can immediately select the amount, enter the required Note, and send money to Atlantic again.
